Dear Anna,

Session 2 has been busy with both off-site and on-site field trips, swimming lessons, and yoga. Session 3 is only a week away and we are looking forward to more exciting activities and fun planned for the children!

## Yoga

The children of the Preprimary Program have been participating in yoga with Ms. Karen during Summer Camp.

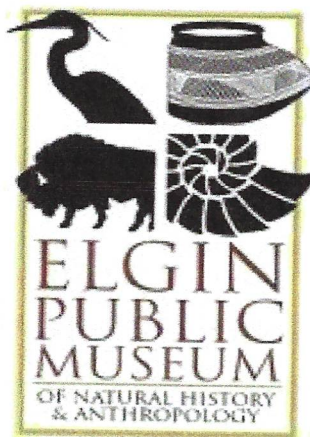

The children have been learning new yoga poses, which helps improve strength and flexibility, breathing exercises and balance.

Don't forget to take a look at more photos from Summer Camp, 2018, including some from the yoga sessions, at our [Montessori Children's House Facebook Page](#)

## Elgin Museum Field Trip - Incredible Insects!

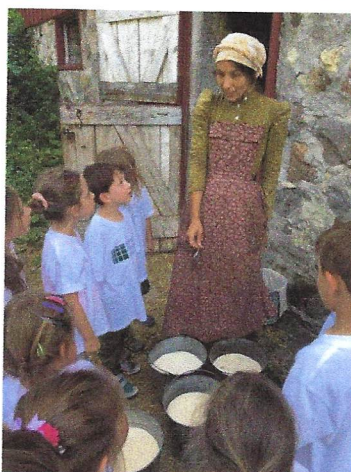

The children of the Preprimary Program will have the opportunity to learn about insects, their life-cycle and roles insects play in nature.

American Montessori  
Society

This on-site field will take place  
on Wednesday, August 1st.

## Thank You

The children of the  
Preprimary Program stepped  
back in time to experience  
farm life back in the  
1800's.

The children learned about  
helping with chores,  
including making butter,  
working with harvested  
grains, taking care of farm  
animals and helping in the  
farmhouse.

Thank you to all the Parent Volunteers who  
chaperoned! We truly appreciate your support.

Thank you for sharing your children with us this  
summer!

**Sincerely,**

The Montessori Children's House Summer Camp Staff
